Chennai, India +91 989 424 9490 santhosh.r777@live.in www.santhoshr.com (pw: w3lcome!)

PROFESSIONAL SUMMARY

AI-first Product Design Manager with 12+ years of experience leading high-performing design teams across web and mobile. Proven track record of driving business impact through design strategy, improving DAU, GMV, listing conversion, and seller activation. Skilled in scaling design systems, design operations, and mentoring designers from execution to ownership. Strong cross-functional collaborator across e-commerce, SaaS, fintech, automotive, and consumer mobile.

CORE SKILLS

Leadership	Product Design Management, Design Operations, Hiring & Team Scaling, Stakeholder Alignment, OKR Planning, Design Critique, Cross-functional Collaboration
UX & Research	UX Design, UI Design, User Research, Usability Testing, Customer Journey Mapping, Competitive Analysis, A/B Testing, Data-driven Design
Design Systems	Design Systems, Component Libraries, Semantic Tokenisation, Accessibility (WCAG 2.1 AA), Typography Systems, Design Handoff
Platforms & Tools	iOS, Android, Responsive Web, Marketplace UX, E-commerce, SaaS, B2B, Fintech, Figma, Sketch, Framer, ProtoPie, Principle, Adobe CC, Jira, FigJam

KEY ACHIEVEMENTS

- +8% YoY DAU and +6.4% GMV growth post-redesign
- 24% improvement in seller listing completion rate
- Time-to-list reduced from 4.2 minutes to 156 seconds
- Design system adopted by 4 squads in 3 months, ~40% QA defect reduction
- Reversed 3 consecutive quarters of seller activation decline
- Grew 3 designers from execution to full product surface ownership

PROFESSIONAL EXPERIENCE

Manager, Product Design | **Poshmark India Private Ltd.** *2024 – Present*

- Led a team of 4 designers through a full marketplace overhaul, contributing to +8% DAU YoY and +6.4% GMV growth
- Defined listing and seller experience strategy, improving listing completion by 24% and reducing time-to-list from 4.2 minutes to 156 seconds
- Scaled a design system across all 4 product squads within 3 months (vs. 6-month target), cutting first-cycle QA defect rate by ~40%
- Redesigned seller onboarding, reversing three consecutive quarters of decline in new seller activation
- Grew 3 designers from execution to ownership across listing, PDP, and navigation; ran design critiques, sprint planning, and stakeholder reviews up to CPO/CEO level

Lead Product Designer | **Poshmark India Private Ltd.** *2022 – 2024*

- Owned end-to-end design for core marketplace journeys, listing, discovery, and seller onboarding
- Identified friction points through qualitative interviews and session recordings, translating findings into product improvements that increased seller activation and conversion
- Initiated and led the Poshmark Typography Guidelines project, unifying iOS and Android type systems in 6 weeks into a single Figma source of truth
- Mentored junior designers and elevated overall team design quality

Senior Product Designer | **Poshmark India Private Ltd.** *2020 – 2022*

- Designed scalable web and mobile experiences across listing, PDP, and buyer discovery flows
- Improved usability of complex workflows through progressive disclosure, reducing friction in core user actions
- Conducted competitive analysis (Depop, Vinted, Vestiaire Collective) and drove cross-team stakeholder alignment on scope and direction
- Presented design solutions to leadership and aligned teams on product direction and delivery

Product Designer | **Poshmark India Private Ltd.** *2017 – 2020*

- Executed design solutions for new features across listing, search, and social surfaces

- Collaborated closely with engineering for spec-accurate, high-quality implementation
- Contributed to improving usability and visual consistency across iOS and Android platforms

Product Designer | AnywhereWorks *2014 – 2017*

- Created wireframes, visual designs, and interaction flows across healthcare, telecom, and SaaS products
- Iterated on designs based on user feedback and usability testing insights
- Built strong foundations in user-centered design and interface design practice

Product Design Intern | AnywhereWorks *2014 (3 months)*

- Supported senior designers in creating wireframes and visual designs for client products
- Assisted in user research and usability testing; gained foundational experience in UX workflows
